## About Us

The EXIM FARMER INDIAN CHAMBER OF COMMERCE AND INDUSTRY (EFICCI) is a premier Non government organization dedicated to integrating Indian farmers and agricultural stakeholders into the global trade ecosystem. With a strategic focus on innovation, sustainability, and equitable growth, EFICCI serves as a catalyst for transforming farmers, Farmer Producer Organizations (FPOs), and agri-entrepreneurs into globally competitive exporters.

Backed by a strong network of over 20,000 farmers and collaborations with 500+ Farmer Producer Companies (FPCs), SHGs and FPOs, EFICCI ensures direct farm-to-market access, maintaining the highest standards of traceability, food safety, and sustainability. The chamber plays a leading role in promoting GI-tagged products, such as Nagpur Orange and Waigaon Turmeric, enhancing their visibility and value in premium international markets.

In alignment with India's vision of becoming the "Food Basket of the World", EFICCI actively drives policy advocacy, market access initiatives, and global networking opportunities to elevate India's agricultural exports. Through strategic engagement in international trade fairs, buyer-seller meets, and cross-border collaborations, the chamber facilitates seamless market integration for Indian agri-products.

EFICCI's international presence continues to expand, with a regional office in Dubai and established trade partnerships across the Gulf countries, Europe, Russia, and the USA. By fostering direct linkages with global buyers, institutions, and trade organizations, EFICCI strengthens India's agricultural footprint in global supply chains.

Committed to the principles of the United Nations Sustainable Development Goals (SDGs), EFICCI champions sustainable trade practices, capacity building, and business excellence.

Through export-oriented training, technical support, and governance capacity-building, the chamber empowers farmers, FPOs, and agribusinesses to compete effectively in international markets.

With professionalism, innovation, and a results-driven approach, EFICCI is shaping the future of Indian agricultural exports, positioning Indian produce as a globally preferred choice while driving sustainable economic prosperity for farming communities.
